SUMMARY

Full stack developer with over 10 years of experience building and maintaining web applications, from e-government platforms for the West Nusa Tenggara (NTB) Provincial Government to a cloud-based SaaS product for geotechnical engineers. I work mainly with PHP and Laravel (**TALL Stack**: Tailwind CSS, Alpine.js, Laravel, Livewire) and React.

AI-assisted coding is now a core part of my daily workflow, and I actively research and experiment with the latest AI tools and models to find practical ways to ship reliable software faster. I'm dependable, collaborative, quick to learn, analytical, and calm under pressure.

EXPERIENCE

TabLogs

Apr 2025 – Present

Software Engineer

- Build and maintain features for TabLogs, a cloud-based boring log and geotechnical data platform used by engineering firms.
- Work across the full stack (database, backend, and user interface) to deliver new functionality and improve existing workflows.
- Use AI-assisted coding tools daily to speed up implementation, refactoring, and debugging, while reviewing every change for correctness and code quality.

Diskominfotik NTB Prov

Oct 2018 – Mar 2025

Programmer

- Built and maintained public-facing web applications for the NTB Provincial Government, including the official provincial portal, Command Center NTB, and the Corona NTB COVID-19 information site.
- Developed internal e-government systems for monitoring and evaluation (e-Monev), job analysis (Anjab), online registration, and leadership agenda management, supporting the province's SPBE (electronic-based government) program.
- Delivered official websites for provincial agencies, including Dispora NTB, Diskominfotik NTB, and RSJ Mutiara Sukma.

Sasambo Developer

Dec 2019 – Dec 2021

Web Programmer

- Built web applications for client projects, including e-Rinjani, the online ticketing platform for Mount Rinjani National Park (web and Android).

Universitas Bumigora

May 2016 – Jun 2018

IT Staff

- Supported campus IT operations and maintained university web systems, including the official website and the graduate (wisudawan) management system.
